

# MONOGRAMS

Monogram

Ornate

Hex: Typeable three letter hexagonal monogram font... er, that's it

# HEX MONOGRAM

Instructions for use

Make sure **Discretionary Ligatures** are enabled (& supported!) in the application you are using to set your monogram and that metrics are set to 'AUTO' or 'METRICS' **NOT** 'OPTICAL'.

Type a lowercase letter followed by an uppercase letter followed by a final lowercase letter.

aAa = 

Borders are mapped to the keys show overleaf.
