F A Q ' s

I GOT ONE OF YOUR FONTS FROM A FONT SITE (DAFONT, FONTSQUIRREL, FONTRIVER, ETC), DOES THAT MEAN IT'S FREE?

Yes and no. As a font addict myself, I'm quite familiar with these font sites. I uploaded a lot of my earlier fonts on [dafont.com](#). I want to share the font love with others, so I put them up there. Most of my fonts are free for personal use—this means, you can use it for all your personal, “for fun” or school projects. If you start sharing your project with others, a little credit back to this site or a **small donation** might be enough.

Read what [dafont.com](#) has to say about copyright and licensing [here](#).

HOW DO I KNOW IF WHAT I'M DOING IS “COMMERCIAL” USE?

Now, here's when it gets a little tricky. When you start earning off of whatever you use the font for, it starts becoming commercial. Keep in mind that this includes earning money whether directly or indirectly. This includes logos, magazines, printables, advertisements, YouTube videos, product packaging etc.

WHY DO I HAVE TO PAY FOR YOUR FONTS?

I love making fonts, but do spend some time, effort and money on each one. Font designers are very much like photographers and illustrators. If you like a font enough to use it, paying for it is just the same as any other art expense.

WHAT HAPPENS IF I USE THE FONT COMMERCIALY WITHOUT PAYING?

I'm not going to sue you or anything like that. ~~Unless you do something totally out of line!~~ I believe in the good of people, and share these fonts in good faith. ☺

HOW DO YOU ACCEPT PAYMENT?

This site is currently set up with PayPal. So, you can via credit card, or bank transfer if you have your PayPal account set up that way. Should you need to pay through other means, send me a message via the [Contact Page](#). We might be able to arrange something.

ARE THERE ANY COMMERCIAL USES YOU DON'T APPROVE OF?

Mobile app font embedding is not covered by the commercial license. An example would be embedding or allowing software/app/program users to use a font for a particular output (photo overlay, collages, etc). Use of the fonts for this purpose will require different licensing.

I also prefer that my fonts are not used for adult content or to promote dangerous and illegal acts.

HOW MANY PEOPLE CAN USE THE FONT? CAN I SHARE THE FONT FILE?

The licenses are priced for an individual or typical small business. Businesses oftentimes refer to it as "one seat." Should there be a need for the font to be used on multiple computers by multiple users, please do buy additional licenses as you see fit.

I NOTICED YOU DON'T HAVE A CERTAIN CHARACTER AS PART OF YOUR FONT. CAN YOU ADD THAT FOR ME?

For the most part, yes! I typically add or fix characters as time goes on. If you need something added, just let me know!

DO YOU MAKE CUSTOM FONTS?

Yes! Send me a message via the [Contact Page](#), so we can work something out.
